Although we do not comply with the Rehabilitation Act, we are strongly compliant with Section 508, and continue to work towards being fully compliant. In working towards compliancy, we have just introduced "Browsealoud" a compatible resource for assistive speech-enabled technology. Browsealoud is a perfect fit for our databases, since they are strongly text-oriented. Browsealoud is a small plug-in that can be downloaded at no cost will assist those with learning disabilities, i.e. Dyslexia; ESL, LEP, low literacy skills, mild visual impairment, etc...
